Relationships and Services

What investment services and advice can you provide me?
Services: We offer investment advisory services to retail investors. These services include wealth management which is a combination of financial planning and investment management. We also offer stand-alone financial planning services and a subscription-based financial consulting service. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.
Accounts, Investments, and Monitoring: We provide services to individual, joint, retirement, trust and estate accounts. We primarily use mutual funds, exchange-traded funds, stocks, bonds, options, independent managers, structured products, and other alternative investments in constructing portfolios. As part of our standard services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also offer to meet with you at least annually, or more frequently, depending on your needs.
Investment Authority: We provide our services on a perpetual and discretionary basis. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing. We also offer our services on a non-discretionary basis, which means we are required to obtain your consent prior to executing any trades in your accounts. Therefore you will make the ultimate decision regarding the purchase or sale of investments in your accounts. However, we may not be able to aggregate your order with other client orders under this type of authority and therefore you may not receive the same price as other clients.
Account Minimums & Other Requirements: We generally require a minimum account size of \$100,000 in order to effectively implement our investment process. This amount may be waived or reduced at our sole discretion.
Additional Information: For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's Investment Adviser Public Disclosure Page .

What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?</i>

Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?
Asset-Based Fees: Our asset-based fees for wealth management and investment management range up to 1.50% annually. This fee is collected on a quarterly basis and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will pay more in advisory fees.
Hourly Fees: Our hourly fees for financial planning are at a rate of up to \$750 per hour. Hourly fees may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning agreement, with the balance due upon completion of the agreed upon deliverable[s]. Hourly fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. We provide you with an estimate for total hours and overall costs prior to engaging us for these services.
Fixed Fees: Our fixed fees for financial consulting services are either \$59.99 or \$99.99 per month depending on the subscription model. The Advisor also assesses an initial onboarding fee of \$99.00.
Other Fees & Costs: In addition to our advisory fee, you will also be responsible for third party manager and/or platform fees, custody fees, account administrative fees, fees and expenses related to mutual funds and exchange-traded funds and applicable securities transaction fees.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment adviser?
How else does your firm make money and what conflicts of interest do you have?**

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

Some of our financial professionals are registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS") a registered broker-dealer. In addition to our services, your financial professional will offer you brokerage services through their separate capacity as a registered representative and will earn commission-based compensation for transactions implemented through PKS. The commissions earned are separate from our advisory fees, which creates a financial incentive to recommend that you implement securities transactions through PKS. You are encouraged to learn more about PKS by reviewing their Client Relationship Summary.

Our financial professionals are licensed as insurance agents and offer insurance products through our affiliate Astra Insurance Services LLC ("AIS"). In addition to our services, your financial professional will offer you insurance products in their separate capacity as an insurance agent with AIS. The fees charged for the implementation of insurance products are separate from our advisory fees, where your financial professional and certain of our management persons will earn commission-based compensation for the implementation of an insurance product. Therefore, there is a financial incentive to recommend that you implement insurance through our financial professionals.

Additional Information: For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

How do your financial professionals make money?

Our financial professionals are compensated based on the revenue our firm earns from their advisory services or recommendations, the amount of client assets they service, and the time and complexity required to meet a client's needs. In addition, they are compensated based on the type of product sold and/or product sales commissions.
